

# LOCKER ROOM POLICIES

- The YMCA recommends that you keep all personal items locked in a locker. Please supply your own lock.
- Please leave important valuables at home. The YMCA is not responsible for lost or stolen items.
- To keep lockers available for all, items cannot be stored in lockers overnight.
- Your privacy is important to us. Please refrain from bringing electronic devices with cameras or recording equipment into the locker room.
- Please refrain from using cellphones (this includes texting and emailing) in the locker room.
- Parents with children of the opposite gender over age 5 are asked to use the family changing area instead of the adult locker room.
- Do not place children on the counter area unattended.
- For the safety of all, please dry off before leaving the shower area.
- Help us keep the locker room neat. Anyone who defaces or damages the locker room is subject to disciplinary action and will be held financially responsible.
- Please report any inappropriate behavior to a YMCA staff member immediately.
